

Senior Visitation Ministry

Volunteers Needed

We are a group of dedicated compassionate individuals who volunteer their time in visiting the homebound and elderly in our community who live alone or in an assisted living facility.

Make a Difference in a Senior's Life

Our Senior Ministry is seeking compassionate volunteers to provide friendship and encouragement to local seniors.

A visit, phone call, or simply a listening ear can make a meaningful difference to someone experiencing loneliness.

No specialized training is required—only a caring heart and a small commitment of time.

During our visits we may offer
Spiritual & Emotional Support
Companionship & Socialization
